RE: Docket No. RM2017-3

Dear Commissioners:

We join the National Catholic Development Conference (NCDC), the Alliance of Nonprofit Mailers, and the nonprofit mailing community in urging you to reconsider your proposal to increase postage rates several times the rate of inflation. Increases that are estimated to reach 7 percent a year, or 40 percent compounded for five years, will not reform the United States Postal Service and will have a major negative impact on both the agency and its customers.

As a nonprofit, we rely on mail for the majority of our fundraising. But we operate on a limited, fixed fundraising budget each year, so if postage goes up as much as you contemplate, we will be forced to greatly reduce our mailings. This will have a disastrous impact on our revenue and our mission.

Our mission is to form and educate the University of Illinois at Chicago students, faculty, staff and administration in Catholic

- Sacramental life
- Communal life
- Moral life
- Intellectual life, and
- Social teachings

for their personal and professional development as leaders in the Church and the world.

Postage increases totaling 40 percent over the next five years will have the following impact on our mission and the people we serve as detrimental to our outreach and support efforts.

Please do the right thing and reconsider your proposal.

Sincerely,

Rev. Patrick M. Marshall
